

People of Faith for Home Stability Support

The Honorable Andrew M. Cuomo
Governor of the State of New York
Executive Chamber
New York State Capitol
Albany, New York 12224

Dear Governor Cuomo:

As people of faith from many faith traditions and backgrounds from throughout New York State, we are alarmed by the magnitude of homelessness in our State and the attendant human and financial costs to our communities. As members of the clergy and leaders of faith-based communities and service organizations with a shared commitment to stand with our most vulnerable, we are on the front lines of providing support to the homeless children, women, and men in our communities. We know that you agree that we must do everything possible to reduce this crisis and we call on you to initiate a new program to stem the tide of displacement that is driving large numbers of families and individuals into homelessness each and every day.

For over four decades, the “Shelter Allowance” provided to our poorest neighbors has grown increasingly inadequate. Under current policy, when we see welfare hotels receiving as much as an astounding \$5,000 and more per month to house just one homeless family, we believe there is a better approach. In this spirit, we call on you to establish the Home Stability Support (HSS) program so that our families can be housed with dignity and our taxpayers’ money will be much more effectively spent. HSS would be a new statewide, State and Federally-funded rent supplement program which would bridge the difference between public assistance shelter allowances and 85 percent of Federal Fair Market Rents. It would also address the high costs of heating when borne by families.

HSS is designed to assist:

Each family or individual facing a loss of housing due to formal or informal eviction, domestic violence, or hazardous conditions;

Those who are already homeless and living doubled-up, in shelters, or outside in places not meant for human habitation.

The Home Stability Support program would be by far the most cost-effective solution for preventing homelessness. It requires, however, Executive action to replace the current failing patchwork of local programs that reach only a small fraction of those in need.

The problem of homelessness has reached a critical juncture. The costs to our communities are unsustainable. It is time to boldly and adequately attack the preventable causes of record homelessness. Your leadership on this crucial and timely initiative is urgently needed. Please see detailed recommendations at HomeStabilitySupport.com.

Thank you for your prayerful attention to this critical issue.

In Faith,

CC: Assembly Speaker Carl E. Heastie
Senate Majority leader John J. Flanagan
IDC Leader Senator Jeffrey D. Klein
